

**Welcome to your comprehensive prep plan!**

**All tasks on the following page are hyperlinked to easily access the assigned content.**

**We recommend at least a month with daily focused work, though most candidates find a lighter three-month pace more sustainable.**

**This plan is firm-agnostic for the first 80% of your prep, focusing on case fundamentals before layering in firm-specific nuances at the end.**

**If you need extra support, our coaches are here to help.**
